

EGSSA CONGRESS 2023 PROGRAM			
Day 1 - Wednesday 27 December			
	Time		
	09:00 - 09:30	Registration	
	09:30 - 10:40	Session 1 : Rotator Cuff : Chairpersons (Basim Fleega - Hani Elsayed - Mohamad Abdullah– Mohamed Kotb)	
1	09:30 - 09:40	Does a transosseous rotator cuff tear repair survive more than 10 years	Gyorg Kovacs
2	09:40 - 09:50	Arthroscopic revision of failed rotator cuff repair	Hani Elsayed
3	09:50 - 10:00	My arthroscopic transosseous repair	Brett Sanders
4	10:00 - 10:10	New biological alternatives to improve rotator cuff healing	Miguel Ángel
5	10:10 - 10:20	Role of Tendon Transfers for Irreparable Rotator Cuff Tears	Basem ElHasan
6	10:20 - 11:30	Maximizing biology and when to consider augmentation in rotator cuff repair	Patrick Denard
7	10:30 - 10:40	Five steps Approach for Massive Rotator Cuff Repair	Yasser El Safoury
	10:40 - 11:30	Session 2 : Fractures Shoulder : Chairpersons (Mohamed Abdelaal - Hassan Ali - Yasser El-Safoury - Bahaa Kornah)	
8	10:40 - 10:50	Pitfalls of Dislocated Fractures of the Shoulder Joint	Hiroyasu Ikegami
9	10:50 - 11:00	Reverse total shoulder prostheses in comminuted fractures of the upper extremity of the humerus	Haitham Kamoun - Zaafour Akrem - Ben Romdhane Majdi - Elafram Rafik
10	11:00 - 11:10	Virtual Reality in Prosthetic treatment of malunited proximal humeral fractures	Mohey Taha
11	11:10 - 11:20	Arthroscopic Reduction and Transosseous fixation of Three and Four Parts Fracture of the proximal humerus in Osteoporotic patients	Moataz Eldeeb/ Said Kareem/ Basim Fleega
12	11:20 - 11:30	Radiological Predecive factors responsible for ostesynthesis failure in PHF	Mohamed Abdelaal
	11:30 - 01:00	Session 3 : Instability I : Chairpersons (Said Karim - Ahmed Kandil - Tarek Khalil- Basim Fleega)	
13	11:30 - 11:40	Surgical Treatments for chronic unreduced dislocation of the shoulder	Hiroyasu Ikegami
14	11:40 - 11:50	Why we choose Latarjet procedure?	Steve Roche

15	11:50 - 12:00	Management primary shoulder Instability	Bilal Elzayat
	12:00 - 12:30	MINISTER OF YOUTH AND SPORT PRESENTATION	
16	12:30- 12:40	Instability in Athletes- anatomical reconstruction	Basim Fleega
17	12:40 - 12:50	Shoulder Instability in old age	Ahmed Kandil
18	12:50 - 01:00	The role of anterior bone block in instability surgery	Miguel Ángel
	01:00 - 02:00	COFFE BREAK Room 1 : Workshop Novel Enzyme Combination - Speaker : Dr. Ayman El Sahar	WORKSHOP Copad Company
		COFFEE BREAK Room 2 : Workshop Room 2 Launching Doratek in Egypt - Speaker : TBA	WORKSHOP El-Alameya Company Ahmed Kandil
	02:00 - 02:30	Session 4 : Neuromuscular: Chairpersons (Yasser ElSafoury - Ahmed Sadek)	
19	02:00 - 02:10	Shoulder pain of non shoulder sources	Amgad Hanna
20	02:10 - 02:20	Minimal invasive Supra-clavicular decompression of thoracic outlet syndrome	Yasser ElSafoury
21	02:20 - 02:30	Thoracic outlet syndrome: going out of the box	Ahmed Kandil
	02:30 - 03:30	Session 5 : Sports Enjuries of Pediatric Elbow (ESSHM) : Chairpersons (Mohamed Kotb - Yasser ElSafoury- Ramy El-Nakeeb - Ahmed Sadek)	
22	02:30 - 02:40	Osteochondritis disicans elbow	In Ho Jeon
23	02:40 - 02:50	Little leage Elbow	Jaeman KWAK
24	02:50 - 03:00	Fracture dislocation elbow in pediatric age group	Mohamed Abdelwahed
25	03:00 - 03:10	Neglected monteggia fracture	Ramy El-Nakeeb
26	03:10 - 03:20	Elbow problems in young swimmers is it being overlooked	Tarek Hassan
27	03:20 - 03:30	Sequelae of lateral condyle injuries in young athletes	Ahmed Mostafa
	03:30 - 04:30	Lunch break : workshop room 1: Winzoxib in Pain Management - Speaker : Dr. Mohamed Halawa	WORKSHOP El-Esraa Company
		Lunch break : workshop room 2: 1) arthroscopic transosseous rotator cuff repair 2) arthroscopic inferior capsular shift	WORKSHOP Maeratec Company Basim Fleega/ Said Karim

	4:30 - 5:30	Session 6 : Free Papers 1 (6)	
		Saal 1	
		Rotator Cuff : Chairpersons (Ahmed Kandil - Mohamed Refaat - Sherif Elghamry)	
28	05:00 - 05:05	A technique of subacromial decompression for outlet impingement based on the arthroscopic classification of the subacromial space	Mohanad Al-Bayati / Sherif Elghamry/ Basim Fleega / Ahmed Abdelaziz
29	05:05 - 05:10	Spoon lesion; thinning and redundancy of the supraspinatus tendon causing superior instability and dynamic impingement – a new pathology description; diagnosis and arthroscopic treatment and results	Ahmed Kandil / Basim Fleega
30	05:10 - 05:15	Reconstruction of Erb's Shoulder in patients above 14 years of age; arthroscopic reconstruction technique	Basim Fleega
31	05:15 - 05:20	Arthroscopic subscapularis tendon repair: new transosseous suture repair technique and preliminary results	Ahmed Abdelaziz/ Said Kareem/ Basim Fleega
32	05:20 - 05:25	Rotator cuff tear in high Competitive athletes, is conservative treatment possible to regain the level of performance? Outcome of anatomical reconstruction surgery	Moataz Eldeeb/ Said Kareem/ Basim Fleega
33	05:25 - 05:30	Outcome of Revision of Failed Rotator Cuff Repair; Arthroscopic Anchor Removal And Transosseous Reconstruction	Sherif Elghamry/ Said Kareem/ Basim Fleega/Mohanad Elbayati
		Saal 2	
		Fractures : Chairpersons (Sameh Ansara - Bahaa Korna - Hassan Ali - Hani Elsayed)	
34	05:00 - 05:05	Arthroscopic remolding of proximal humerus malunited fractures with limitation of motion as an alternative to head prosthesis	Mohamed Nabil/ Said Kareem/ Basim Fleega/ Ahmed Abdelaziz
35	05:05 - 05:10	All-Arthroscopic Reconstruction of Malunited Anteroinferior Glenoid Rim Fractures	Mohanad Al-Bayati/ Basim Fleega/ Ahmed Sarhan
36	05:10 - 05:15	Arthroscopic Transosseous Suture Reduction and Fixation Of Avulsed Displaced Greater Tuberosity Fracture; three techniques of fixation transverse, longitudinal and mattress are used according to the pathology	Ahmad Sarhan/ Said Kareem/ Basim Fleega/Mohamed Nabil
37	05:15 - 05:20	PSI Guided Fracture Reconstruction using opposite normal shoulder CT measurements	Moataz Eldeeb/ Said Kareem/ Basim Fleega/ Ahmed Sarhan
38	05:20 - 05:25	Reverse total shoulder prostheses in comminuted	Haitham Kamoun -

		fractures of the upper extremity of the humerus.	Benromdhane Majdi - Elafram Rafik - Zaafouri Akram
	05:25 – 05:30	SURGICAL MANAGEMENT OF ACUTE FRACTURE DISLOCATION SHOULDER	Mohamed Mostafa Kotb
	05:30 - 06:30	Session 7 : Instability Related Rotator Cuff Pathology II : Chairpersons (Begad Abdel Razeq - Basim Fleega- Ahmed Kandil)	
39	05:30 - 05:40	Rotator cuff injuries associated with acute glenohumeral instability	Daniel Moya
40	05:40 - 05: 50	Shoulder kinematics and muscle activity following latissimus dorsi transfer for massive irreparable posterosuperior rotator cuff tears in shoulders with pseudoparalysis	Jaap Williams
41	05:50 - 06:00	In-season management of anterior shoulder instability in young athletes	Abderrahim Rafaoui
42	06:00 - 06:10	Current evidence on internal shoulder impingement	Sherif Elnikety
43	06:10 - 06:20	Why I Ignore the Glenoid Tract	Patrick Denard
44	06:20 - 06:30	Anterior Shoulder Instability and Rotator Cuff Tears	Leon Rajah
	08:00	Social	
		Day 2 - Thursday 28 December	
	09:00 - 10:04	Session 1 : Preventive Sports Rehabilitation : Chairpersons (Mohamed Yehia - Yaser ElSafory - Inas Fawzy- Mohamed Kadry)	
45	09:00 - 09:08	Prevention of shoulder and elbow injuries is it a true fact	Mohamed Yehia
46	09:08 - 09:16	Isokinetics and its role in rehabilitation	Rafik Radwan
47	09:16 - 09:24	Shoulder over use injuries of elite swimmers : how to prevent	Mohamed Kamal
48	09:24 - 09:32	Can we prevent joint stiffness post injury	Wael Shendy
49	09:32 - 09:40	Functional rehabilitation of the shoulder in athletes	Ragab Mohamed
50	09:40 - 09:48	Injury preventing strategy for overhead sports	Ahmed Gaballa
51	09:48 - 09:56	Tools and taping in prevention of shoulder and elbow injuries	Mohamed El- Sheshtawy
		DISCUSSION IN INTERACTIVE SESSION	
52	09:56 - 10:04	Cryo therapy and its role in rehabilitation + Viatres presentation/ Mohamed Yehia	Viatres
	10:04 - 11:00	Session 2 : Performance Improvement Conservative : Chairpersons (Alaa Balbaa - Ahmed El Attar - Manal Ismail - Mohamed Shawky)	

53	10:04 - 10:12	Comprehensive consultation for the physical therapy treatment of shoulder overuse strain	Sahar Abdalbary
54	10:12 - 10:20	Shoulder impingement : assessment and management guidelines	Alaa Khair El Deen
55	10:20 - 10:28	Principles of shoulder surgery rehabilitation: bridging the gap between pts and surgeons	Ahmed Hossam Torayah
56	10:28 - 10:36	Impact of tempo mandibular joint on shoulder disorders	Afaf Tahoona
57	10:36 - 10:44	Suprascapular nerve entrapment management (case scenario)	Mohamed Gamal
58	10:44 - 10:52	A clinical method of functional assessment of the shoulder in high performance athletes (egssa athletic score)	Ahmed Hossam Torayah / Basim Fleega
	10:52 - 11:00	Viatres Presentation	Viatres
		DISCUSSION IN INTERACTIVE SESSION	
	11:00 - 11:50	Session 3 : Performance improvement Surgical : Chairpersons (Mohamed Kotb- Abdelsalam Eid - Mohamed Al-Fayyadh - Basim Fleega – Wael Shaban)	
59	11:00 - 11:08	Posterior Instability in Sports - Spectrum of abnormalities and treatment options	Frank Gohlke direct
60	11:08 - 11:16		Osvandre Lesh
61	11:16 - 11:24	Reverse shoulder arthroplasty in elderly patients with chronic anterior shoulder dislocation	Zubair Mohamed Al-Fayyadh
62	11:24 - 11:32	Controversy in first time dislocation	Hassan Ali - Basim Fleega
63	11:32 : 11:40	Laterjet Procedure	Abdelsalaam Eid
64	11:40 - 11.48	Rotator cuff causes of Unstable shoulder	Rushdi Abuouda/ Said Kareem/ Basim Fleega/ Ahmed Abdelsameaa
		DISCUSSION IN INTERACTIVE SESSION	
	11:48 - 12:00	Eva : Acticolla C for athletes/ Moderator Fleega - Speaker : Dr. Abanoub Zarif - Product Manager	EVA

	12:00 - 01:30	Session 4 Interactive Session (Moderators : Basim Fleega Athletes- Yaser ElSafoury - Mohamed Yehia) – Faculty: Said Karim, Ahmed Kandil, Ahmed Abdelsameaa, Hassan Ali, Sherif Elghamry, Mohamed Abdelaal, Abdelsalam Eid, Mohamed Kotb, Hani Elsayed, Mohamed Osama, Ahmed Abo Abla, Salah Ashour, Mohamed Abo Elelaa, Mohamed Ghazawy, Rafik Radwan, Hesham Farhoud, Alaa Balbaa, Mohamed Farouk, Mohy Ellithy , Magdy Elsabagh	(Infinity)
	01:30 - 02:30	Session 5 : Free Papers	
		Saal 1	
		Rotator Cuff : Chairpersons (Basim Fleega - Sherif Elnekaty - Mohamed Refaat - Hani Elsayed)	
65	01:30 - 01:35	Arthroscopic tensioning of spon Supraspinatus tendon lesion	Said Karim
66	01:35 - 01:40	Shoulder Impingement Syndrome Types	Mohy Ellethy
67	01:40 - 01:45	Management of Irreparable Rotator Cuff Tears with Arthroscopic Superior capsular Reconstruction using Biceps Tendon Autograft	Hesham Abdul Galil - Amr Samy
68	01:45 - 01:50	Functional outcome of arthroscopic RC repair in manual workers	Mohamed Abdelazim
69	01:50 - 01:55	Treatment Massive rotator cuff tear transosseous repair	Sherif Elgamry / Basim Fleega
70	01:55 - 02:00	Intratendinous tear: Is it worth to repair it ?	Walid Aziz
		Instability : Chairpersons (Said Karim - Ahmad Sarhan - Ahmed Kandil)	
71	02:05 - 02:10	Arthroscopic Bone Grafting of the Humeral Head for Treatment of a large Reverse Hill-Sachs Lesion	Mohamed Nabil / Basim Fleega
72	02:10 - 02:15	Long term outcomes of arthroscopic modified Neer inferior capsular shift for traumatic anterior shoulder instability, over 20 years of follow up	Mohamed Khattab/ Said Kareem/ Basim Fleega/ Ahmed Abdelsameaa
73	02:15 - 02:20	Outcomes of bankart repair versus inferior capsular shift in arthroscopic treatment of reccurent anterior shoulder dislocation	Ahmed Sarhan / Basim Fleega
74	02:20 - 02:25	Arthroscopic Bone Grafting of the Humeral Head	Mohamed Nabil /

		for Treatment of a large Hill-Sachs Lesion, a new technique using transosseous suture fixation	Basim Fleega
75	02:25 - 02:30	Shift stick bankart repair; an arthroscopic repair by doing an I-cut inferior capsular shift and labrum fixation on a bleeding anterior glenoid surface in recurrent shoulder dislocation	Mohanad Al-Bayati/ Basim Fleega/ Ahmed Abdelaziz
		Saal 2	
		Arthroplasty : Chairpersons (Hassan Ali - Mahmoud Hafez - Ismail Hamouda - Yaser Elsafoury)	
76	01:30 - 01:35	Tuberosity healing does not affect functional outcomes following reverse shoulder arthroplasty with lateralized humeral components	Ali Abdelwahab
77	01:35 - 01:40	The Safety of Corticosteroid Injection Prior To Shoulder Arthroplasty: A Systematic Review	Ahmed Elmorsy
78	01:40 - 01:45	Psi guided shoulder replacement prosthesis in three to four parts old malunited fracture based on a psi shoulder model and measurements from the normal opposite side	Sherif El Ghamry/ Said Kareem/ Basim Fleega
79	01:45 - 01:50	Psi guided total shoulder replacement prosthesis osteoarthritis based on a psi shoulder model and measurements from the normal opposite side	Ahmed Abd El Aziz/ Said Kareem/ Basim Fleega/ Sherif Elgamry
80	01:50 - 01:55	Hemi Shoulder Arthroplasty Vs. Reverse Shoulder Arthroplasty in Three and Four Part Fractures in Middle Age Patients, Meta-Analysis Study	Wessam El-Din Mortada - Walid Reda - Moustafa Raafat Hafez - Omar AbdelAziz Taalab
81	01:55 - 02:00	The value of the lateralized glenosphere in reverse total shoulder arthroplasty	Sassi Amine - Lahmar A. – Belhadj Messaoud A. - Trabelsi M. - Mahjoub S
82	02:00 - 02:05	Does Forearm Referencing Using A Retroversion Guide Achieve The Targeted Retroversion of The Humeral Component in Reverse Shoulder	Mohammad Jomaa - Ashish Gupta - Kenneth Cutbush - Marco Branni - Helen Ingoe - Roberto Pareyon - Kristine Italia -Marine Launay - Asma Salhi - Luke Gilliland - James Nielsen - Jashint Maharaj
		Misellaneous : Chairpersons (Abdelsalam Eid - Rashed Emam - Sameh Ansara)	
83	02:10 - 02:15	Mid-interval plica of the shoulder joint Case reports	Ahmed Abdelaziz / Basim Fleega
84	02:15 - 02:20	Arthroscopic Partial Radial Head Excision of posttraumatic partial radial head non united	Said Karim/ Mohamed Nabil/ Basim Fleega/

		fracture and capsular -annual ligament repair as an alternative to head replacement of head resection; technique and clinical outcome -Elbow	Ahmed Abdelaziz
85	02:20 - 02:25	The Sublabral Foramen; an anatomic variation ; Can it be clinically symptomatic and requires treatment?	Mohamed Harbi / Said Kareem/ Basim Fleega/ Ahmed Abdelsameaa
86	02:25 - 02:30	Is arthroscopic localization, removal and tendon defect repair of calcific tendinitis enuf or should we also do a subacromial decompression?	Ahmed Sarhan/ Said Kareem/ Basim Fleega
	02:30 - 03:30	Lunch	
	03:30 - 04:30	Session 6 : Athletic Elbow : Chairpersons (Yasser Elsafoury - Mohamed Kotb - Ahmed Sadek - Ashraf Moharam)	
87	03:30 - 03:40	Athletic elbow	Prathap Kumar
88	03:40 - 03:50	Inovative medium term solution for complex elbow trauma with metaphyseal bone loss; acase report	Mike Mulder
89	03:50 - 04:00	Elbow instability	Lars Adolfsson
90	04:00 - 04:10	Arthroscopic management of tennis elbow	Mohamed Kotb
91	04:10 - 04:20	Arthroscopic manegment of stiff elbow	Ahmed Abd Elsatar
92	04:20 - 04:30	Sports Axillary nerve injuries; treatment options	Mohamed Kotb
	04:30 – 04:40	Athletic Shoulder	Bishir Zikiria
	04:40 - 05:20	Session 7 : Free Paper	
		Saal 1	
		Insstability : Chairpersons (Sherif EINEkety - Hani Elsayed - Samir Elshoura - Nasr Awad)	
93	04:40 - 04:45	Management of Acromioclavicular Dislocations: A Comparative Study of Arthroscopic and Minimally Invasive Approaches in 30 Patients	Haitham Kamoun - Benromdhane Majdi - Elafram Rafik - Zaafouri Akram
94	04:45 - 04:50	Effects of adding shoulder stabilization exercises on pain, strength, and functional outcomes during the rehabilitation of post-operative hand injuries in young adult patients. Randomized controlled trial	Ehab Ali
95	04:50 - 04:55	Terrible triad	Moa1taz Eldeep
96	04:55 - 05:00	Arthroscopic Shoulder Latarjet Stabilization: Is the Double Cortical Endobutton Fixation Superior to Screws Fixation	Panteleimon Tsantanis

97	05:00 - 05:05	How uncoordinated muscle affect shoulder	Mina lofty
98	05:05 - 05:10	Importance of scapular stabilizers for a happy shoulder	Kholoud Hassan
99	05:10 - 05:15	Return to Sports Following Latarjet Procedure: Assessing Outcomes and Recommendations	Sassi Amine - Lahmar A. - Belhadj Messaoud A. - Trabelsi M. - Mahjoub S
		Saal 2	
		Miscelaneous : Chairpersons (Gamal Elsobhy - Basim Fleega - Haitham Kamoun - Ahmed Sadek)	
100	04:35 - 04:40	Seven postoperative controlled home rehabilitation protocols based on pathology after arthroscopic rotator cuff surgery	Ahmed Hossam Torayah/ Basim Fleega/Alaa Keireldin
101	04:40 - 04:45	Scapulodesis for Management of neglected iatrogenic winged scapula	Ahmed Sadek
102	04:45 - 04:50	Elbow Radial head prothetic replacement in management of radial head fractures	Eslam Shafik
103	04:50 - 04:55	Golfer's elbow	Mohamed Abdelnaser
104	04:55 - 05:00	The supra and intercondylar elbow fractures: Which posterior surgical approach to which type of fracture?	Haitham Kamoun - Benromdhane Majdi - Zaafour Akram - Sghayer Majdi
105	05:00 - 05:05	Critical shoulder Angle: anatomical variants and therapeutic applications	Haitham Kamoun - Zaafour Akram -Majdi Ben Romdhane - Majdi Sghaier
106	05:05 - 05:10	Role of PT Post Assisted Lower Trap Tendon Transfer	Abdallah Osman - Mohammed El Halawany
107	05:10 - 05:15	Prevalence of Risk Factors for Sports-Related Sudden Cardiac Death Among Active Bahraini Population	Mohamed Al.Rayes - Mohamed Abdullah
108	05:15 - 05:20	LONG THORACIC NERVE RELEASE	Mohamed Mostafa Kotb
	06:00	Egssa General Assembly
